Sub: General Announcement

As assured in the Prospectus of our Company, we are pleased to announce that the first of six dry-leased aircraft is joining our current fleet shortly, which will be a 7-seater aircraft. The documentation, including execution of agreements, is completed. The aircraft import process has commenced and is expected to join our fleet and commence its operations in Q3 of FY 2025-26.

With flights departing from India showing a steady upward trend and demand for small-capacity travel on the rise, the induction of this 7-seater aircraft in our fleet marks a strategic step forward. Chennai, being a vital hub for business and international travel, will allow us to efficiently serve a significant share of our customers' requirements while strengthening our presence in the growing private aviation market.
